

ATKOL DataSheets

The lubricant is special for all types of water, steam, gas turbines as well as turbo compressors, which is produced using high-quality mineral base oil and a combination of suitable additives.

Advantages:

- Excellent thermal and oxidation stability
- Very good protection against rust and corrosion
- Very good release of air from oil
- Excellent separation of oil from water

Technical Specification of **Turbine 32 Atkol Oil**

| Property | Range | Test method (ASTM) |
|-----------------------------------|-------|--------------------|
| Kinematic viscosity @40°C | 32 | D-445 |
| Kinematic viscosity @100°C | 5.5 | D-445 |
| Viscosity Index | 99 | D-2270 |
| Flash point °c | 206 | D-92 |
| Pour point °c | -12 | D-97 |
| Density @ 15°C, kg/m ³ | 0.868 | D-1298 |
