ATKOL 4012 Marine Engine Oil

ATKOL 4012 is a specialized marine engine oil formulated with a TBN of 12 to lubricate and protect marine engines operating under demanding conditions.
By providing adequate alkalinity, this oil helps neutralize acidic compounds, reduce the formation of deposits and sludge, and protect engine components against wear and corrosion.

Technical Specifications:

* Product Name: ATKOL 4012
* TBN: 12 mg KOH/g
* Type: Marine engine oil
* Application: Marine engines and related equipment

With a TBN of 12, ATKOL 4012 is an excellent choice for maintaining cleanliness, ensuring effective lubrication, and protecting engine components in marine operating environments.

ATKOL 4012 is an ideal choice for operations requiring reliable lubrication

## Technical Specification of TPEO 4012 Marine Atkol Oil

| Property | Range | Test method (ASTM) |
|---|---|---|
| Kinematic viscosity @100°c | 15.20 | D-445 |
| Viscosity Index | 105 | D-2270 |
| Flash point °c | 240 | D-92 |
| Pour point °c | -21 | D-97 |
| Density @ 15°c, kg/m³ | 0.890 | D-1298 |
| TBN | 12 | D-2896 |
