HIGH PERFORMANCE LUBRICANTS FOR A STRONGER TOMORROW

PRODUCT DATA SHEET

ATKOL SN 0W-20 is a low-viscosity, multigrade engine oil formulated for use in modern gasoline engines and vehicles for which the manufacturer recommends an oil with an SAE 0W-20 grade and API SN quality level.

Advantages:

-Rapid lubrication from the moment of startup and effective protection of components at low temperatures.

-Reducing friction between moving parts and helping to increase engine efficiency.

-Optimized fuel consumption through low viscosity and friction reduction technology

-Exceptional resistance to oxidation, thermal degradation, and oil thickening.

-Preventing the formation of sludge and deposits, and maintaining engine cleanliness.

-Effective protection of internal engine components against wear, corrosion, and rust.

-High shear stability and viscosity retention throughout the oil's service life.

Technical Specification of SN 0W20 Atkol Oil

Property	Range	Test method (ASTM)
Kinematic viscosity @100°c	8.47	D-445
Viscosity Index	165	D-2270
Flash point °c	210	D-92
Pour point °c	-39	D-97
Density @ 15°c, kg/m³	0.845	D-1298
CCS @-35 °c	6550	D-5453
