PRODUCT DATA SHEET

ATKOL 100 Turbine Oil

ATKOL 100 turbine oil (ISO VG 100 grade) is formulated for the lubrication and protection of turbines and industrial rotating equipment. With excellent resistance to oxidation, heat, and deposit formation, it ensures stable and reliable performance during continuous operation.

By forming an effective lubricating film, ATKOL 100 helps reduce friction and wear, protects bearings and rotating components, and extends equipment service life; it is suitable for turbine lubrication systems and industrial machinery.

Advantages:
-Good thermal and oxidative stability
-Protection against wear and corrosion
-Reduces the formation of deposits and sludge
-Stable performance during continuous operation
-Suitable for turbines and industrial rotating equipment

Technical Specification of **Turbine 100 Atkol** Oil

Property	100	
Kinematic viscosity @40°c	100	D-445
Viscosity Index	98	D-2270
Flash point °c	240	D-92
Pour point °c	-21	D-97
Density @ 15°c, kg/m³	882	D-1298
